Radiation Shield

The Electro Magnetic Radiations (EMR)

Do you live close to a mobile tower or a FM tower?
Do you use a cell phone? Do you watch TV at home?
Do you work on a laptop or computer?
Do you use microwave oven in your kitchen?
Are you exposed to electro magnetic radiations?

The Electro Magnetic Radiations (EMR) are being utilized as technological enhancements to the mankind across the world. But this EMR is a new form of pollution. We cannot stop technology advancing & we cannot live without modern technology. Today's most prominent sources of EMR are :

Mobile tele communications, Television transmitters, FM radio stations, Mobile phones, Broadcasting & radiating Steel towers. FAR ultra violet radiations upward in frequency (downward in wavelength) are exclusively and unambiguously bad for human body.

Sources of EMR

The electro magnetic radiation is emitted by most electrical appliances, wireless devices, microwaves & the high voltage power line. Today we are exposed 24x7 to EMR and it's 100 million times more EMR than our grand parents.

Mankind should avoid unnecessary exposure to VLF (very low frequency) and ELF (extremely low frequency) i.e, electro smog. This non-ionizing EMR is invisible & not even detectable by our 5 senses.

EMR hazardous effects

EMR has a number of hazardous effects on human health. Few of them are :

- ▲ Headache
- ▲ Stress
- ▲ Loss of sexual relation
- ▲ Lack of energy
- ▲ Irritability
- ▲ Immune system disorders
- ▲ Brain tumors
- ▲ Cancer
- ▲ Diabetes
- ▲ Heart diseases
- ▲ Arthritis
- ▲ Brain & neurological problems
- ▲ Impaired memory
- ▲ Damage to DNA and cells
- ▲ Brain damage
- ▲ Tumors
- ▲ Alzheimer's(Parkinson's)
- ▲ Sleeplessness

Recent studies confirm that EMR can:

- ▶ Damage nerves in the scalp
- ▶ Cause blood cells to leak hemoglobin
- ▶ Cause memory loss and mental confusion
- ▶ Cause headaches and induce extreme fatigue
- ▶ Create joint pain, muscle spasms and tremors
- ▶ Create burning sensation and rash on the skin
- ▶ Alter the brain's electrical activity during sleep
- ▶ Induce ringing in the ears, impair sense of smell
- ▶ Precipitate cataracts, retina damage and eye cancer
- ▶ Open the blood-brain barrier to viruses and toxins
- ▶ Reduce the number and efficiency of white blood cells
- ▶ Stimulate asthma by producing histamine in mast cells
- ▶ Cause digestive problems and raise bad cholesterol levels
- ▶ Stress the endocrine system, especially pancreas, thyroid, ovaries, testes

The World Health Organization (WHO) thinks that YOU ARE AT RISK because of the possible health effects from exposure to electromagnetic fields (EMF). All cell phones emit electromagnetic radiation which can travel up to 20 feet. This effects not only you but family and friends too. Up to 60% of the radiation emitted by a typical cell phone, (enough to cause heating), will be absorbed by the user's head. Studies have shown that if the cell phone signal is held next to the brain there are changes in the brainwaves in 70% of people. Cell phone radiation has been linked to brain tumors and DNA damage! Brain tumors are up 600% in the United States. Cell phone users are at 2.5 times risk of brain tumors caused by phone radiation.

Feelgood Radiation Shield

'Feelgood Radiation Shield' is an innovative product which protects you from the dangerous effects of EMR. It is a breakthrough solution which works like a filter for your mobile phones, computers, and laptops effectively removing the harmful radiation frequencies before they reach your brain. This is a cost effective, easy-to-use and completely safe way to protect yourself and your children from cell phone radiation damage.

Now that we know the harmful effects of EMR, we must take care. But, at the same time, we cannot throw-out the appliances for their own advantages nor we can do much without the miracle tool to connect to the world i.e, mobile phone. That's where Influx has brought a solution for you in the form of FEELGOODRADIATION SHIELD.

Feelgood radiation shield does not require any battery, its convenient to stick and does not affect the clarity and strength of signal. With Feelgood Radiaiton Shield, your phone will work like it as always has; only it's a lot safer to use it now.

HOW TO USE

Radiation Chip for Mobile : Gently wipe your handset | Remove the peel from the back of the 'Feelgood Radiaiton Shield' (preferably, near its battery) | Press gently for permanent fixing

Radiation Shield for Computer /TV : Set it in front of the computer or television screen, keeping the copper part facing the user. | It needs to be used just like any other tabletop decorative piece.

Radiation Shield

MRP Rs. : 3500/-

Offer Price : Rs. 2000/-
